

Mamta Mobile App

Attention all Mamta FCU members:

Our iPhone and Android apps are ready to be used. Simply go to the App Store and type in Mamta. You will then proceed to the next step. You can now access your account information, transfer monies and request a check. Basically, you can do the same as when you use your computer.

Remember, only those members that have completed the agreement document to internet banking will be permitted to have the mobile app.

If you have not completed the agreement document, please go to our website: www.mamtafcu.org and click the online access tab. Then click "Consent form for Online Access" and proceed. Send the form to our office so we can allow you access to your accounts. As always, if you have any questions or concerns feel free to call us. We look forward to all our members using the Mamta Mobile App.
